W. Wheel. Survey

Historical accuracy

Two Council officials were interviewed in anticipation of the replacement wheel being installed & were reported as follows in the D.H. of -----

I don't think it was intentional but feel sure that anyone reading those details without knowledge of the original wheel would come to the conclusion that it was a total disaster ~~and~~ which was not the case & requires correction for historical accuracy. Furthermore, some claims ^{relating to} 'anticipation' of the new wheel raise questions.
